## Much Damage By Gas Explosions

BRIGHTON, NEW YORK—A chain of gas main explosions going off at the rate of nearly one a minute, wrecked thirty homes in Brighton, N. Y., killing at least three persons, and injuring twenty-two. Aerial shows smoke rising from one of 12 homes that were leveled. Brighton, four miles from Rochester, is a small residential town of about 10,000.

## Canada Sends 6,500 Troops To W. Germany

HANNOVER, Germany, Sept. 22.—(INS)—British Defense Secretary John Strachey announced today that the British Sixth Armored Division—including 6,500 Canadian troops—will arrive in West Germany soon.

Attending maneuvers by the Atlantic Pact forces, Strachey stated that the quality of the Allied troops has increased considerably since last year.

He pointed out that the British Rhine Army is to get United States bazookas as soon as possible.

A measure of normalcy returned when gas service was restored to the homes of 2,000 families who had been ordered to evacuate.

Two of the known dead, William Maas, Jr., five, and his eight-year-old sister Mary Anne, died in their splintered home.

The third victim, Mrs. Louise Meyer, 77, succumbed to a heart attack while fleeing from her home.

The explosions burst at minute intervals wrecking homes and tearing up streets in the Rochester suburb. Over 2,000 families of the fashionable community were routed.

PA NEW OBSERVES  
Pa New notes that many rubbish fires are in progress about the city during the evening hours. Residents should make sure that a responsible person is in charge of the fire, as children are naturally attracted to the scene and unless precautions are taken some of them may be burned seriously.

Local officers directing truck traffic away from East Washington street are finding that a few truck drivers are giving them a "hard time." Some of the operators give excuses that they have to stop in the downtown section in order to travel the business district. All in all, the new system is paying dividends as far as the expediting of traffic is concerned.

Very little remains of the old Central Presbyterian church on the Diamond now. The past few days, good progress has been made on the work and only about 12 or 13 remain.

## Gas Blasts Wreck Homes; Kill Three Near Rochester

ROCHESTER, N. Y., Sept. 22.—

(INS)—New York State Safety Director Thomas W. Ryan arrived in Rochester today to direct an investigation of a series of explosions which claimed three lives.

The four-hour series of blasts in Brighton, a suburb of Rochester, on Friday also left ten persons injured, 15 houses totally destroyed and 16 badly damaged.

Authorities checked the possibility that the blasts originated in the latticework of gas mains which lie under the streets of the suburb.

Sampson Air Base police joined local authorities in patrolling the streets during the night to prevent looting.

A measure of normalcy returned when gas service was restored to the homes of 2,000 families who had been ordered to evacuate.

## Air Force Corporal Arrested On Charge Of Stealing Plane

LANSING, Mich., Sept. 22.—

(INS)—Michigan state police today arrested a young air force corporal charged with stealing a plane at Westchester County airport, White Plains, N. Y.

Corporal Howard A. Walker of Ft. Slocum, N. Y., was arrested after he landed at Houghton Lake airport early this morning. The soldier was placed in the Crawford County jail, pending arrival of New York state police.

Michigan authorities said a large warrant had been issued for Walker in New York.

Michigan police were alerted when the plane was spotted flying over London, Ont., and then Bay-side, Mich., on Saginaw Bay.

## New Headquarters Of Allied Forces Opened In Naples

NAPLES, Sept. 22.—(INS)—Dedication ceremonies for the new headquarters building of the allied forces in southern Europe were held in Naples today amid pagentry attended by dignitaries of four nations.

Admiral Robert B. Carney, commander in chief of the AFSE, acted as host at the dedication of his command which was highlighted by the unfurling of the flags of the 12 Atlantic pact nations atop the headquarters building.

## Five Doctors And Oxygen Tent Are At Palace Today

Emergency Operation Is Believed Near; May Be Dangerous

By CHARLES A. SMITH  
(U. S. Staff Correspondent)

LONDON, Sept. 22.—All preparations were made today for an emergency and possibly "dangerous operation" on the ailing King George VI.

Five doctors, followed by ambulances and a hospital truck bearing an oxygen tent, went to Buckingham Palace during the day. Thousands of sympathizers, including many American tourists, crowded the gates outside.

(Editor's Note: CBS Correspondent Howard K. Smith reported in a broadcast from London that King George is suffering either from a tumor or a cancer in his left lung. Smith said that an operation is scheduled for tomorrow or Monday.

## Tells of Condition

(Smith's broadcast said: "A high informant has told CBS these exclusive facts about the King's condition. It is the left lung that the growth has appeared on. The doctors believe from the X-rays that it is either a tumor or a cancer. If the exploratory operation, as they call it, shows it to be what is called a benign tumor they will give him ordinary treatment and he will be in no serious danger... "If the operation shows it, however, to be a malignant cancer, as they fear, his whole lung will be removed immediately in the same operation to prevent spreading... "If the lung has to be removed, the next 20 days will be the danger period for the king's life.")

## To Guard Against Third Escape Of Noted Prisoner

CHATTANOOGA, Tenn., Sept. 22.—(INS)—Authorities slapped a double-sized guard today on bank robber Kenneth Allen White, determined that he will not make his third escape of the year before returning to Nebraska.

The 34-year-old desperado was tracked down last night in a night club near Fayetteville, Tenn. Kitts, who was unarmed at the time, made a break for the exits, but all were blocked by federal officers.

He then surrendered without further resistance and was taken to the Hamilton county jail in Chattanooga.

His latest bid for freedom lasted only seven days. Kitts broke away from guards in a Omaha court house when he was brought there to testify in a \$100,000 jewel theft trial.

Five FIREMEN HURT  
(CLEVELAND, Sept. 22.—(INS)—Five firemen were injured, two seriously, when a rear wall collapsed during a four-alarm fire at the F. & H. parking garage on Cleveland's east side today.

The one-story brick structure, located in the heart of Cleveland's uptown business and shopping center, housed an indeterminate number of automobiles. Cause of the blaze, which leveled the building, was not immediately determined.

"It is with great regret that I read in the New Castle News of September 21, 1951, of the failure of the negotiations to bring about a settlement of the strike at the Johnson Bronze plant.

"A number of workers at the Johnson Bronze have, from time to time, approached me and expressed the hope that something could be done to bring about an early settlement.

"It would appear from the statements in the newspaper that both sides of the controversy had, from time to time, made concessions, but that still a considerable gap remained.

## Premier Of Iran Seeks To Resume Oil Negotiations

TEHRAN, Sept. 22.—(INS)—

Premier Mohammed Mossadegh proposed directly to Britain today that negotiations be resumed in the bitter Anglo-Iranian oil dispute.

A British embassy spokesman in Tehran stated that a "well-thumbed" letter from the ailing premier was delivered to the embassy through the British foreign office.

But the spokesman reported that the new letter substantially repeated the proposals which Iran had intended to send to Britain through special American Mediator W. Averell Harriman. Britain already has described them as "unacceptable."

However, it was noted that the new proposal did not contain Mossadegh's threatened ultimatum giving Britain 15 days to resume oil talks or face expulsion of British technicians from Abadan, site of the world's largest refinery.

Harriman, who has been trying to mediate the dispute since last July, had refused to forward the Iranian ultimatum because, he said the terms "would militate against a settlement."

## San Bernardino Jolted By Quake

SAN BERNARDINO, Cal., Sept. 22.—(INS)—San Bernardino and some surrounding towns were jolted by a sharp earth quake early today, but no damage was reported.

More than 60 telephone calls complaining of "a hard jolt and four or five seconds of shaking" were received at police headquarters.

Other towns reportedly hit by the quake were Riverside, Fontana and Ontario.

## Great Military Buildup Is Made During Parley

Gen. Ridgway Still Delays Answer To Reds On Resumption

By HOWARD HANDLEMAN  
(Far Eastern Director, U. S. S.)

TOKYO, Sept. 22.—The U. S. Far East air forces charged tonight that the Communists began their biggest military buildup in Korea almost at the very start of the Kaesong armistice conference July 10th.

The statement came as Gen. Matthew B. Ridgway continued to delay his answer to the Red high command's proposal for resumption of the suspended cease-fire talks on the enemy's terms.

Observers believed that when the United Nations supreme commander replies to the Red bid the answer will not be a flat "yes" or "no" but a highly qualified counter-proposal.

Used as Smokescreen  
Ridgway's air command charged in effect that the enemy has used the armistice parley as a smokescreen behind which to assemble the greatest concentrations of Communist military power yet arrayed across the front.

During the three summer months, a FEAF summary said, Allied airmen destroyed or damaged 16,000 Red motor vehicles, 5,100 rail cars and 110 locomotives.

These had been used in what FEAF described as "the Communists' most massive supply buildup effort of the 15-month-old Korean War." The statement continued:

"The Communists commenced their unprecedented movements of combat supplies southward from the Yalu river almost simultaneously with the inauguration of the Kaesong military armistice negotiations."

Greatest Buildup  
FEAF said the buildup was far greater than the supply movement which immediately preceded the

## Fiery Plane Crash Takes Three Lives North Of Medina, O.

MEDINA, O., Sept. 22.—(INS)—Three persons were killed last night in a fiery airplane crash on a farm north of Medina.

Killed were James Owens, 35, of Columbiana, O., the pilot; his sister-in-law, Mrs. Eloise Owens, 32, and her daughter, Gail, 8, of Detroit.

State police said they believed Owens was attempting to make a forced landing in his Cessna 140 when the crash occurred. The nearest airport is five miles from the farm. The trio was bound from Detroit to Columbiana.

The bodies were burned beyond recognition and identification was made from a passenger listing in Detroit.

It's easy to cheer for a winner and swing along with the crowd, it's easy to yell when the going is swell, and the roar of the fans swells out loud. But to cheer when the home team is losing, when the other team's simply too tough, to back up the kids when they can't make a score, and getting a first down is rough, that's the mark of a sportsman, neighbor, the test of a real loyal fan, for a sportsman will cheer when his team's in the rear, and root for his team when he can. So we lost one last night, why the grousing, the visitors had some hot plays, it wasn't our night, but it was a good fight, it's seventy-three today.

## Apron Strap Of Grocer Deflects Bandit's Bullet

DENVER, Sept. 22.—(INS)—Police today are holding a suspect in the attempted robbery of a Denver grocer whose life was saved when one of the gunman's bullets was deflected by the storekeeper's apron strap.

The grocer, Susuma Yasuzawa, 30, told police he dodged several bullets fired by the bandit and that one of them hit him just above the heart but was deflected by his apron strap.

Being held for investigation of the attempted robbery and shooting is Harold Johns, 26, of San Francisco, who was found near the scene of the stickup with a wound in his right forearm.

Johns denied any implication in the shooting last night and told police he tried to commit suicide. Detectives, however, said Johns' description matched that given by Yasuzawa.

## Arrest Four; Seize Marijuana Valued At About \$120,000

BALTIMORE, Sept. 22.—(INS)—Police in Baltimore and Cumberland, Md., have announced seizure of marijuana valued at \$120,000 and the arrest of four men.

Sgt. Joseph Carroll of the Baltimore police narcotics squad said the raid Friday was one of the largest in Maryland's history.

The haul, Carroll reported, totaled 112 and one-half pounds, with 100 pounds found in a woodshed behind the home of Robert Brant, 52, in Cumberland. Arrested in Baltimore, where the rest of the contraband was discovered, were Joe Quintela, 38, John Nasreri, 27, and Salvatore Di Paola, 38.

peak west of the coastal city of Kansong.

The strategic height fell to the Leathernicks late Friday after a furious daylong battle at close quarters.

Elsewhere along the east and east-central sectors, however, United Nations troops were unable to score any further gains in the month-long fighting for hilltop positions.

"Heartbreak Ridge" northwest of Yanggu, six miles above Parallel 38, remained in the hands of stubborn North Korean defenders. On the opposite side of the peninsula, Red troops seized the initiative in one sector northwest of Yonchon near the northern reaches of the Imjin river.

**Probing Attacks**

Here the enemy launched a series of small-scale probing attacks against UN positions late Friday night. All of these thrusts were repulsed.

Results of "Operation Cleave" were announced as Far East Air Forces headquarters in Tokyo declared the three summer months had witnessed "the Communists' most massive supply buildup efforts of the 15-month-old Korean War."

A FEAF summary told of "unprecedented movements of combat supplies" which the Reds began "almost simultaneously" with the July 10th opening of the now-suspended Kaesong armistice negotiations.

In the fortnight up to September 12, the FEAF bulletin said, 40,000 Communist vehicles were sighted and more than 7,000 of them hit by Allied airmen.

**Much Bigger Buildup**

This was termed a much bigger buildup than the enemy's troop and supply movements of the two weeks preceding the first of the two major Red offensives last spring.

The FEAF summary, listing 16,000 Red vehicles and 5,100 rail cars wrecked by air action during the summer, bolstered reports of a 500,000-man Communist army massed along the front, possibly for a fall offensive.

A quarter million of these men are reportedly Chinese troops newly arrived at and immediately behind the western half of the front.

"Operation Cleave," executed by many tanks and troops from three battle-tested American divisions, was designed to hack away at this poised Chinese force and upset whatever offensive plans it has.

## Air Force Officer Victim Of Crash

LONDON, Sept. 22.—(INS)—A United States air force non-commissioned officer killed in the wreck of a Liverpool to London Express train yesterday was identified today as Cpl. August Buckholz of Geneva, N. Y.

Thirteen persons lost their lives when the express left the rails and plunged down an embankment in the central English county of Northamptonshire.

last major Red offensive in May. The summary pointed out:

"During the two weeks ending September 12, more than 7,000 of the 40,000 motor supply vehicles sighted on North Korean highways were destroyed or damaged by FEAF air power."

"In the two weeks preceding the May offensive by the Reds, aerial observation spotted 26,000 vehicles and FEAF planes destroyed or damaged 1,600 of them."

The statistical review supported long-current reports of a recent half-million-man buildup by the Reds.

According to information made available to International News Service, the Communists have moved five fresh Chinese armies (corps) and 12 fresh North Korean divisions into battle positions across the peninsula.

With a attached corps troops, these 27 Red divisions number well over 250,000 men.

INS also was informed that another 250,000 Red soldiers, who were relieved by the fresh troops, are being held in close reserve just back of the battle positions.

In military language, Lt. Gen. O. P. Weyland, commander of FEAF, declared:

"During the past three months the Communists have made their largest and most determined effort of the Korean War to increase their logistic capabilities in their immediate rear areas."

The enormous enemy buildup plus the stepped up tempo of localized fighting suggested the possibility the Reds may be contemplating a giant all-out autumn offensive.

equipment arrived at the Royal Palace, presumably to set up an operating room in the king's private quarters.

One American onlooker—Larry Martens, of Fort Worth, Tex., commented as he stood before the palace gates:

"I'm surprised how deeply Britons feel about the king. He is more than the figurehead that most Americans consider him."

Official circles admitted that the king's condition "gives cause for concern." Princess Elizabeth, heiress presumptive to the throne, postponed the date of her departure for the United States with her husband Prince Philip, originally scheduled for next Tuesday.

**To Leave Later**

The royal couple now hopes to go later by plane instead of by sea, arriving in Quebec by October 2. An announcement from their residence, Clarence House, said they still intend to carry out the complete itinerary, which will include a visit with president and Mrs. Truman in Washington from October 24 to October 26.

The Buckingham Palace announcement disclosing the imminence of the king's operation said:

"The condition of the king's lung gives cause for concern. In view of the structural changes referred to in the last bulletin, we (the king's physicians) have advised His Majesty to undergo an operation in the near future. This advice, the king has accepted."

like to paint the building but they were a trifle short of folding money.

President Earl Chaffee and his members heard of the dilemma and said they would solve it insofar as labor was concerned. A not inconsiderable item by the way for the last time the home was painted it took 43 men days for the job.

A local citizen who has given much time and energy to the welfare of the home said he would donate the paint. A group of citizens said they would provide the brushes and pots necessary and Mooney Brothers provided the scaffolding.

**Start At Eight O'clock**

At eight o'clock this morning the painters arrived in a few moments the scaffolding was on its way up, other painters were painting areas where scaffolding was not needed and at ten o'clock the scene was one of civic co-operation that renewed one's faith in human nature.

Ordinarily this is a holiday for painters and if you do get them to work it is time and a half. But not at the Margaret Henry Home. At the scale, the job represented \$82.50 per hour today.

Next Saturday they will finish it and the Home will gleam with its pristine coat of white paint.

DENVER, Sept. 22.—(INS)—Denver police today will investigate the death of a city policeman's wife who was killed when she bumped into her husband and caused the gun he was holding to discharge.

The 28-year-old woman was the wife of patrolman Charles W. Young, 34, and mother of three children. She died instantly from a neck wound.

Young explained to detectives that his wife bumped into him in their kitchen last night as he removed his service revolver from the top of the icebox and started to place it in his holster.

Two of the couple's children, Irene, 11, and Carol Jean, 8, told officers their parents were in the kitchen laughing when the gun was fired. None of the children, including a 5-year-old son, Charles, saw the accident.

which had to overcome the fears of other pact members that they would lose American military and economic assistance if the treaty were extended.

The main task of Bradley and Harriman would be to find out exactly how much help the two East-Mediterranean nations need if they are to form an effective bulwark against Soviet aggression.

Military and diplomatic observers agree that, with Greece and Turkey actively allied with the U.S., the only weak spot in the anti-Soviet ring around Russia are the Arab states.

## Declare Shortages Will Hit Buying Public Next Year

WASHINGTON, Sept. 22—(INS)—Production officials declared today shortages of autos, refrigerators, washing machines, radio and television sets and other items will hit the buying public next year.

These officials said that the shortages will extend to practically all consumer durable goods in the first six months of 1951 because of the defense drain on supplies of vital materials.

Many stores throughout the country already are experiencing trouble in finding such products as automatic washers and dryers, farm and home freezers and dishwashers. These difficulties will increase in coming months.

National Production Authority officials also said the appearance of many products will change markedly as part of the metal conservation program but quality and efficiency of the items will remain the same.

The NPA has drastically reduced the supply of steel, copper and aluminum for civilian industry and one official declared that "it's only a matter of time before consumer items catches up with supply."

In less than ten days, new regulations go into effect reducing steel supplies available for consumer durable goods 42 per cent below amounts used in early 1950. A 40 per cent cut is scheduled for auto makers.

### Conservatives Plan For Election

Great Britain's Conservative party—challenged by Prime Minister Attlee to produce an "alternative" to socialism—has put its greatest minds to work today in anticipation of the general elections called for October 25.

And there is every indication and expectation that the tory following will turn as usual, to the profound oratory and limitless imagination of Winston Churchill to state its case and place a right-wing government back in power.

Churchill, as a matter of fact, lost little time in replying to Attlee's decision to submit socialism and nationalization to a new test at the hands of the electorate.

The aging statesman, known during the war years by the strange but beloved title of "The Prime," said immediately that a conservative victory will lead the British people back to a "better way of life."

#### Rules Out Privileges

He ruled out privileges, rule by "vested interests," class warfare and what he termed "doctrinal fallacies."

But the conservatives have yet to answer Attlee's demand for a constructive election program. He charges that the tories can do one thing only—and that is to oppose—and it is upon this simple thesis that he hopes to remain in power.

At the moment, however, the odds—for whatever they may be—were against the favorite prime minister.

Stocks boomed on the London exchange in anticipation of a conservative victory, which doubtless would bring with it an end to the present "freeze" on dividends and other financial restrictions.

Observers in Threadneedle street around the Bank of England felt that Churchill's 6-to-4 chance of victory and foresaw that the old warrior would crown his parliamentary career with a new triumphal entry into the familiar surroundings of 10 Downing street.

**Reason For Enthusiasm**

One reason for this conservative enthusiasm is the revolt of left-wing laborites under the leadership of Aneurin Bevan, author of Britain's hotly-discussed national health scheme and former minister of labor.

Bevan resigned his latter post in a governmental crisis quite

without parallel in British history. He was opposed to the last British budget which cut to some extent into the government benefits he had recommended for the physical ailments of the British people. But at the same time he was expressing the views of a considerable section of British opinion opposing vast expenditures for rearmament and allegedly hanging Britain on the shirt-tails of America.

This is an attitude that is becoming increasingly vociferous in all of Europe and may have tremendous repercussions.

**Much The Same Feeling**

The followers of Gen. Charles De Gaulle in France, for example, have much the same feeling as regards the contribution of the French nation to European defense.

They feel that this is essential. They advocate, as a matter of fact, the strongest possible French military establishment under the circumstances.

But they want this to be a French affair, and outspokenly or otherwise, resent the increasing role in administration and production being undertaken by the United States in the North Atlantic Defense Organization and the west European security division headed by Gen. Dwight D. Eisenhower.

Political observers throughout Europe are awaiting eagerly the first election. Conservative party pronouncement setting forth a platform for the October elections. They know that it will have an impact to be felt throughout the world.

They know also that it will have the seed in it of success or failure for British socialism as such.

The right-wing group in Britain feels that Attlee has dug his political grave by calling for elections at this time. The Bevan following feels that he has opened the door for a wider type of socialism—with a form of British nationalism taking an important part of it. The October balloting, in any event, will make history.

NEW YORK, Sept. 22.—The American Bar Association, meeting here, is considering a question that directly concerns the whole issue of responsibility of press, radio and television for fair criminal trials.

From lawyers around the country who spoke on this subject at a panel discussion it was apparent there is considerable feeling that in the reporting of trials, and particularly sensational trials, press and radio go to such lengths as to jeopardize the right of the individual to a fair hearing. How widespread this is no one can say. But if it does exist in any appreciable degree it is a serious matter.

As others pointed out, however, the responsibility is far from being that of press and radio alone. Sharpshooters prosecutors are out to shoot every angle they possibly can. They employ pipe lines to favored reporters and commentators, always seeking to build themselves up with an eye on the next run of the political ladder.

**Special Significance**

That has a special significance for the spectacular communist trials have tended more and more to become contests between "their side" and "our side," thereby distorting the process of justice not only in public opinion but perhaps also in the courtroom.

The reasons why this should be so are obvious. At the trial of the 11 communists under the Smith act for advocating the overthrow of the government by force and violence the lawyers for the defendants did everything they could to break down orderly procedure in the court. They dared Federal Judge Harold Medina to cite them for contempt using the tactics of delay and obstruction in the most flagrant fashion. This is, of course, part of their whole approach to the institutions of the free world, which they use only to destroy.

**Superb Example**

But because this is true there is all the more reason not to respond to this strategy with violent emotions. Judge Medina gave a superb example of how to preserve the dignity of an institution while holding off the communist wrecking squad with extraordinary patience and fortitude.

The tendency in cheering on "our side" to make a hero of the prosecutor and even of the judge. Prosecutors are human and they are ambitious. The next step up the ladder may be a federal judgeship.

Since politics—and popular appeal—seem to be increasingly a factor in the selection of federal judges it is not hard to see where this leads. The prosecutor, as he gets the cheering sections aroused. His Hooper ratings climb steadily up.

As a result, he is tapped for a judicial appointment. Once on the bench, he must live up to his reputation as gang buster or communist buster. Down that path justice goes.

A Democrat of Huntsville, Ala., John J. Sparkman resigned one government position in Washington in 1946 to take another. He was born near Hartselle, Morgan county, Dec. 20, 1899, and attended Morgan county country schools and the University of Alabama at Tuscaloosa. He is a lawyer by profession and was admitted to the bar in 1923. A lieutenant colonel in the Organized Reserves, he was a member of the Student Army training Corps in World War II. His present duties will end Jan. 3, 1955.

A Republican from Utah, Wallace W. Bennett's duties in Washington will end Jan. 3, 1957. He was born in Salt Lake City Nov. 3, 1898. He served as a second lieutenant in World War I and is treasurer of his church. He also has been president of many business firms and headed the Salt Lake City Community Chest drive in 1944-45. He is author of Faith and Freedom, written in 1950.

**From Me To You**

By MESEALL

We gladly admit when we are wrong . . . and brother, we were wrong when we said yesterday that New Castle would carry the honors at the football game. . . . Youngstown took the cake and they are very happy about the idea . . . well, they should be . . . our people would be if the table had turned the other way . . . who wins the game is of minor importance, it's the sportsmanship expressed that really counts . . . and sometimes when we win the score, we fall short on the sportsmanship side. How do you figure we made out last night?

Since there is an auto speedway in Lawrence County, many people have taken the sport seriously . . . never miss a meet and we have some good drivers from the county, too, who are making records for themselves. . . . Only know one of 'em personally and I don't think he has been at the game too long . . . but we caught one race last evening and watched him take a nice seventh. . . . Guy Shoff . . . the man who says on his milk truck . . . "Hey, Mom, Here Comes Guy."

Congratulations to the union that the painter call theirs . . . but really it isn't the union that needs the congrats . . . it's the men who go to make up that union. The men who are today (by the time you read this they'll be all finished) donating their time and are having a play in the community . . . and too few can see that they have this part. Many, many times it's much easier to dig down and give a buck or so . . . but when it comes to giving of one's time . . . that's different. But the painters feel that this is a pretty good old town and certain things need to be done . . . so they are doing one of the projects today. Again we say thanks and congratulations men, you are an asset to your community and organization.

It's a hard struggle . . . but we feel that the police department and officials in charge are on the right track . . . Attempting to educate motorists that double parking is taboo . . . sometimes drastic methods are needed and in this case a little fine seems rather drastic to some people . . . all this would be unnecessary IF the motorists would remember the rules of the city.

### Fair Criminal Trials

NEW YORK, Sept. 22.—The American Bar Association, meeting here, is considering a question that directly concerns the whole issue of responsibility of press, radio and television for fair criminal trials.

From lawyers around the country who spoke on this subject at a panel discussion it was apparent there is considerable feeling that in the reporting of trials, and particularly sensational trials, press and radio go to such lengths as to jeopardize the right of the individual to a fair hearing. How widespread this is no one can say. But if it does exist in any appreciable degree it is a serious matter.

As others pointed out, however, the responsibility is far from being that of press and radio alone. Sharpshooters prosecutors are out to shoot every angle they possibly can. They employ pipe lines to favored reporters and commentators, always seeking to build themselves up with an eye on the next run of the political ladder.

**Special Significance**

That has a special significance for the spectacular communist trials have tended more and more to become contests between "their side" and "our side," thereby distorting the process of justice not only in public opinion but perhaps also in the courtroom.

The reasons why this should be so are obvious. At the trial of the 11 communists under the Smith act for advocating the overthrow of the government by force and violence the lawyers for the defendants did everything they could to break down orderly procedure in the court. They dared Federal Judge Harold Medina to cite them for contempt using the tactics of delay and obstruction in the most flagrant fashion. This is, of course, part of their whole approach to the institutions of the free world, which they use only to destroy.

**Superb Example**

But because this is true there is all the more reason not to respond to this strategy with violent emotions. Judge Medina gave a superb example of how to preserve the dignity of an institution while holding off the communist wrecking squad with extraordinary patience and fortitude.

The tendency in cheering on "our side" to make a hero of the prosecutor and even of the judge. Prosecutors are human and they are ambitious. The next step up the ladder may be a federal judgeship.

Since politics—and popular appeal—seem to be increasingly a factor in the selection of federal judges it is not hard to see where this leads. The prosecutor, as he gets the cheering sections aroused. His Hooper ratings climb steadily up.

As a result, he is tapped for a judicial appointment. Once on the bench, he must live up to his reputation as gang buster or communist buster. Down that path justice goes.

And the scales, gets lost in the high weeds.

#### Instructive Document

A most instructive document in this connection is the opinion of the third circuit court of appeals in New York ordering a new trial for William Remington. Three of the most distinguished judges in the country found error after error in the record that could be traced in no small measure to the excessive zeal of the prosecutor.

Out of the discussion before the bar association is likely to come a commission to look into the relationship of press, radio and television to criminal trials. Most such commissions get mired down in their own reports. This one could be useful if it would consider all sides of the question. The conduct of judges and prosecutors would come as rightfully under the scrutiny of such a commission as the excesses of some newspapers and some radio commentators in prejudging the accused and creating an atmosphere of prejudice and hysteria.

Our own institutions are in no danger from communism if we refuse to be panicked. Judge Medina demonstrated that by the calm resolution with which he met the brutal assault of the lawyers for the 11 communists. The real danger is in our own failure to preserve and protect all the safeguards to see whether they are in any jeopardy.

## They Say

OTTAWA—Secretary of State Acheson after the North Atlantic Pact conference: "We have laid good foundations. I think NATO (the North Atlantic Treaty Organization) will get through the problems but it takes ingenuity and time. But we will do it."

NEW YORK—Judge Samuel Leibowitz on the refusal of ex-bookie king Harry Gross to testify in the graft trial of 18 policemen: "This plot of Gross was laid out by a legal architect, who knew the law."

BRONXVILLE, N.Y.—Ford C. Frick on his election as baseball commissioner: "It was a surprise to learn I was the new commissioner. I will do the best I can, but it is a big job."

**Try And Stop Me**

By BENNETT CERI

F. Hugh Herbert, author of two triumphant Broadway comedy hits, Kiss and Tell and the current The Moon Is Blue, gathered some of his most delectable dialogue by merrily listening to the prattle of his own adolescent daughters, Diana and Pamela. The line "Ever since I started wearing brassieres, mom and pop have been watching me like a hawk," for example, came from the lips of Pamela.

It was Diana who gravely informed him that the conduct of doctors was governed by a "hypocritical oath." Now Diana has reached the age where she's understudying Barbara Bel Geddes in the lead part of the New York and the song in her heart is Stardust Melody.

An eager young thing begged playwright Percival Wilde, "Tell us about the days when you were just a struggling writer." Wilde answered severely, "I know only two kinds of authors: those who given up the struggle."

### Bible Thought

And then shall they see the Son of man coming in the clouds with great power and glory. And then shall he send his angels, and shall gather together his elect from four winds, from the uttermost part of the earth to the uttermost part of heaven.—Mark 13:26.

Equality in a social sense, may be divided into that of condition and that of rights. Equality of condition is incompatible with civilization, and is found only to exist in those communities that are but slightly removed from the savage state. In practice, it can only mean a common misery.—J. Fenimore Cooper: The American Democrat, VI 1838.

## The Wrestling "Sport"

By PAUL GALLICO

You know of course that there isn't enough money in the world to pay me to go to a wrestling match, this being a so-called sport I would not even like to be found at as an old corpse, and yet from time to time, I am constrained to confess, I find myself watching these trained seals via the medium of television, and marveling at what is laughingly known as the human race.

It is true, some twenty-five years ago I used regularly to grace the ringside at Madison Square Garden to attend the sores of sweat staged there Monday evenings by the late Mr. Jack Curley, but in those days, as a regularly practicing sports writer and columnist, I was paid to do so, and very well, too, I might add.

#### Era Of Handsome Londs

That was the era when the handsome if somewhat stunted Greek, Jimmy Londs, was champion and was assaulted weekly by a never-ending supply of Horrible Hungarians, Awful Albanians, Terrible Turks, Ruthless Rumanians and Busty Bulgarians, all of whom wound up on their backsides with their shoulders pinned to the mat as the result of Tzimmie's airplane spin.

Even in those days, the matches were unmitigated fakes and staged according to scenario; wrestling already had its villains and heroes who were booked and paid accordingly, but there was a leavening sense of humor sometimes manifested in the conduct of the bouts and from time to time the boys would show a little real wrestling until it came close to eleven o'clock when they had to wind up the show according to the script.

It took guts to be a wrestling writer in those days, for if you angered Mr. Curley, or Jake Pfeiffer, or Toots Mondt, impresarios and operators of rival wrestling trusts, by hooting at their extravaganzas and "championships" they were quite capable of ordering a wrestler to be thrown at your head as you sat innocently at the ringside composing deathless prose on your portable. I will never forget the night that Sando Szabo picked up a countryman, a tub of lard by the name of Ferenc Holuban, and deliberately aimed him at me from five paces. He wasn't even going to obey the then existent game laws which made it obligatory to flush the sportswriter and give him a chance to rise before letting fly. But that is another story.

#### Loses Resemblance To Original

My observations on wrestling as it is practiced today is that it has lost all resemblance to the original sport, and that it is sadistic and revolting and frequently downright plain disgusting and that the human race as exemplified by the customers who attend wrestling shows has definitely and visibly deteriorated.

This is definitely a depressing observation, but deplorably filled with truth. For when you have the opportunity to consider your fellow man via a quarter of a century chunk and by means of one sport and compare what he liked then and now, you find there is a definite basis for comparison and that as a civilized people we are rushing towards Hades in a handbasket.

It is possible even to add another twenty-five years and go back to the wrestling shows which were popular at the turn of the Century when Jim Stecher, the Nebraska farm boy with the crushing legs; Wladek Zbyszko, the Polish champion, and Ed "Strangler" Lewis were at the height of their popularity. There were no doubt crooked matches in those days, too, but the boys really wrestled in the classic style and people loved it. It was real wrasslin' for holds, with the science of leverage featured, with none of the hippodrome butting, slapping, gouging, elbowing, and kicking of today's abominations. Also the men engaged were athletes and wrestlers and not snoty clowns with long hair.

#### Wanted Wrestling Then

The generations that preceded us were supposed to be rough and frequently uncouth, but when they went to a wrestling match they wanted wrestling and not mayhem.

This modern wrestling is really one of the most unlovely things I have ever seen and people do not come off very good in connection with it. The wrestlers are dreadful, the referees are cynical and ridiculous, so are the officials, and the faces of the spectators as registered on the television screens of our happy homes are really enough to make one stand in line to book passage on the very first rocket to be aimed at the Moon, Mars or Venus.

Since there is no longer any pretense at wrestling—and what goes on more and more resembles the Pancreaticum, which is the name given to the Greek sport of Anything Goes, or Boxing and Wrestling combined, centuries before Christ, itself a degeneracy from the more classic Greek wrestling—it is obvious that here is a conglomeration of citizens gathered together for the sole purpose of witnessing human pain and suffering, resulting in the revolting expressions on their faces and their generally sickening behavior.

Lovely subject for the American home.

## Looking At Life

By ERICH BRANDEIS

Isn't it about time for Hollywood to do something about it?

I mean the decent Hollywood—the Hollywood in which thousands and thousands of law-abiding, hard-working, respectable Americans live, work, and own their own homes.

In spite of all the wonderful advantages Hollywood has—climate, scenery, beauty, all the average person knows about Hollywood is the fact that it is America's movie capital and that a large number of its inhabitants behave like a bunch of idiots.

Take just ONE issue of a New York newspaper.

A three-column headline: "SINATRA DENIES SUICIDE TRY. I JUST HAD A BELL-ACHE."

All about Sinatra taking an overdose of sleeping pills after a fight with Ava Gardner. True, the story does not come from Hollywood, but from Lake Tahoe, but Sinatra and Gardner ARE Hollywood, and Hollywood has to bear the brunt of their misbehavior.

Headline No. 2 in the same paper: "RITA ARRIVES IN SLACKS, ALL SET TO DUST OFF ALY."

Dateline Reno—but Hollywood gets the credit—or rather the debit—for it.

Here's another one: "JILTED SUITOR SUES FOR 17G RING."

It's all about "screen actress" Helen Gilbert, who is being sued by a man who asserts she broke off her engagement to him, and who wants his \$17,000 engagement ring back.

On the same page: "ABBE LANE SQUARES OFF

FOR COURT FIGHT ON TRI-ANGLE."

It's all about the nineteen-year-old singer who claims that what is supposed to be a nude picture of her taken in a hotel room by Xavier Cugat's wife isn't her picture at all.

I am not familiar with the circumstances. Maybe the picture is Cugat's Chihuahua dog, for all I know.

But I do know that it's darn bad publicity for Hollywood.

And so it goes almost every day. Actors committing suicide, kicking people in the jaw, being arrested for speeding, for being drunk, for fighting in public places.

That sort of thing doesn't only hurt Hollywood. It hurts the movies in general.

The picture moguls are very much concerned over bad business. People don't go to the movies anymore, they say, and blame it on television.

Isn't television, you gentlemen of the cinema and you backers who back them.

It is the low morals and the shenanigans of your high-priced actors and actresses.

The public is disgusted. It refuses to see a fellow who is a maudlin drunk in real life portrayed as a moonlight hero, or a girl who is a bum as "the girl of my dreams."

I see in the same paper that Cheta, the monkey, is getting upwards of \$10,000 a year, and all she needs for a happy life is "a cage, a few bananas and a couple of quarts of milk a day."

Which is more than one could say about a lot of the human stars. (Copyright, 1951, King Features Syndicate, Inc.)

# Boiler Award Is Rescinded

## Commissioners Open Bids For Garage

The recent action of the county commissioners in awarding L. W. McConnell the contract for a new boiler in the court house was rescinded Friday by the commissioners.

Mr. McConnell was awarded a contract for a steel boiler at his bid of \$3170. Charles L. Pile protested the award on the grounds that he had bid \$2775 for a cast iron boiler.

Mr. Pile said his bid was lower and that he had followed the specifications as given him in the commissioners' office. The commissioners said the specifications as printed in the legal advertisement were the ones by which to be guided.

Commissioners Joseph W. Gilmore said he believed there had been confusion among bidders in the specifications and for that reason moved to rescind the award and to return all checks. This was done.

## DETENTION HOME GARAGE

Bids were opened Friday by the county commissioners for erecting a garage near the new detention home. Two bids were asked, one for a three-car garage and one for a four-car garage. Four bids were received, Edwin C. Porter being low with his bid of \$6175 for a four-car garage and \$5025 for a three-car garage. The contract will be awarded Wednesday morning, September 26.

## TWO SENTENCED

Two men were sentenced by Judge John G. Lamoree Friday morning. Roy Edward Helmick was fined \$100 and costs and thirty days in the county jail for operating a motor vehicle while his driver's license was suspended.

Jack Martin, a tramp, was assessed the costs and placed upon probation for six months. He was invited to leave town.

## OPINION HANDED DOWN

Judge John G. Lamoree disposed of the case of John Ursu and Annie Ursu against Alfonso Mathieu and Mary Mathieu on Friday morning.

The case, an equity case, was one concerning a water line serving two properties in Ellwood City. For some time both families used water from the same line and divided the cost. In December 1950 it is alleged the defendant shut off the water from the home of the plaintiff.

In his opinion Judge Lamoree enjoined and restrained the defendant from cutting off the water. He also ordered the plaintiff to have a meter installed so that each family would know what water it had used.

## SUPERVISOR REPLIES

Joseph Gennaro, a supervisor of Mahoning township, today answered the complaint of residents of the River Road in the township concerning the condition of the road.

Said Mr. Gennaro, "First of all the road is not impassable. Secondly, we have not had any appropriation from the state since 1950 and must depend entirely upon township taxes. Sometime ago some residents complained to the State Highway Department that we were not using the state allocations properly and the state shut off our money."

## TRI-COUNTY COUNCIL MEETING

The Tri-County Council of the American Legion auxiliary met Thursday in the Legion home on Beaver street.

The session opened at 11 a. m. with Mrs. H. W. Bailey, president, in charge. Reports from the various units were heard and routine business discussed.

At 12:30 p. m., some 120 persons enjoyed a delicious luncheon in the Methodist church dining room. The meal was prepared and served by members of the local auxiliary.

The tables were decorated in a yellow and white motif. Mrs. Jack Patterson gave the invocation. Seated at the guest table were Mrs. Rose Jullante, western director, Mrs. Bailey, council president, Mrs. Browie, western director, Mrs. Angleheart, junior assistant, Mrs. Harold J. Marshall, president elect of the Wampum unit, Harold J. Marshall, local post commander, and Mrs. Ray McBride, president of the Wampum unit, the last named who introduced the guests to the assemblage, and each guest responded with brief remarks.

Mr. Marshall gave the toast to the group. Leslie Marietta sang two vocal selections accompanied on the piano by Mrs. James Hazen of Ellwood City.

Returning to the Legion home an impressive installation service was conducted by Mrs. Jullante. Five auxiliaries officers from the Mercer, Ellwood City, Wheatland and Wampum units as well as council officers were inducted at this time.

Mrs. Paul Herbert and Mrs. McBride welcomed the group and Mrs. Kenneth Freed and Mrs. Leslie Widdowfield were in charge of registration.

**Start Evening Services Sunday At Second U.P.**

Evening services will be resumed this Sunday evening at 7:45. Dr. J. Calvin Rose has chosen to speak on the theme "The After Effects of Your Sins and What To Do About It."

Next Sunday evening Second church will be host to the union service sponsored by the Lawrence County Grange. This will be followed by the annual series which Dr. Rose preaches each fall on the general theme, "Love, Courtship and Marriage."

Wednesday noon's luncheon meeting of the New Castle Kiwanis club, will be featured by the showing of a color picture, "The Power Behind the Nation". This is edited and presented by the U. S. Treasury Department, in the interest of the sale of "E" Bonds.

**Two Mercer County Bond Issues Okayed**

HARRISBURG, Sept. 22.—(INS)—The State Internal Affairs Department today reported approval of two bond issues totaling \$2,265,660 by the Mercer county housing authority to assist development of a housing project.

**Youth Sunday At St. John's Lutheran**

Sunday will be observed as youth Sunday at the St. John's Lutheran church, East North at Neshannock avenue. The program will be under the auspices of the Luther League and will revolve around the theme, "Christian, Answer Boldly." The service will be in the nature of a panel discussion covering the following four subjects: Biblical illiteracy, Racial and Caste discrimination, wrong motives in choosing a vocation and low standards of morality.

**Religious Film At Youth For Christ**

This evening's program of the New Castle Youth for Christ rally will feature the motion picture film, "Out From Seventy-Second Street." Rev. Jack Marshall will conduct the special song service and be in charge of the opening portion of the service.

The regular weekly rallies of the local youth organization are held in the First Baptist church at 7:45 p.m. each Saturday.

**SHOT PAYS OFF**

DARWIN—An aborigine claims 27 wild ducks killed with one shot from a shotgun. The wizard shot was made on a lagoon near Daly Waters, Northern Territory. H. B. Saltford told about the shot when he arrived in Darwin from Daly Waters. He said the lagoon was black with birds.

Tobacco is native to America. It is not known how or when it was carried to Turkey.

**Former Local Man Is School Head At Brighton, New York**

Of interest to local friends is the fact that Arthur E. Harris, former local man, is superintendent of schools in Brighton, N. Y., suburb of Rochester, which was rocked by a series of gas explosions Friday afternoon.

Mr. Harris immediately closed the schools and had the children evacuated to a place of safety, when the exclusive residential district of Brighton was rocked by the

gas explosions, although no damage was done to schools.

Mr. Harris is a brother of William E. Harris, of Elizabeth street, and David G. Harris, of East Washington street.

**Lawrence Caravan To Have Fish Fry**

## Students Aid In Band Work

While the result of the New Castle Youngstown-East football game was less than a howling success from a local standpoint, Friday night, the work of the band was par or better.

This year the band has cared less for formal figure work on the grid and has confined itself largely to musicianship and marching. With excellent results.

**Form Y-E**  
At half time the band deferred to the Youngstown-East band long enough for the Ohio lads and lassies to strut their stuff and they did. A good band, directed by John Razz and with something to play for Friday night.

The East band left the field and New Castle came on. One formation was made, a huge Y-E, then the Ne-Ca-Hi hymn, and a snappy exit.

The majorettes have a lot of zing this year and a little research developed the fact that Barbara Bender, a student has been training them, assisted by Joan Cooper, another student.

Harry Senheiser, a student, has been training the color guard with Rudy Herman, a civilian aide, putting the band through marching exercises and Jim Foster helping with the instruments.

Willard Keen, director of the band has spread the work this year and has a number of committees of students aiding. The plan has worked beautifully thus far.

## THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

### Making Birds Feel At Home

Does your family enjoy having birds around the yard? And are you sorry to see them leave as winter comes up on us?

If your answer to these questions is "yes," you can do something about making them feel more at home in your yard.

Feeders that will keep birds coming back are easily made. Here are two types that have proved their worth.

(1) The coconut bird feeder: Cut away one quarter of a large coconut, thus leaving a lower lip for birds to stand on. After cleaning out the meat for your own use, bore a hole on each side at the end that has not been cut. Run a wire through this and fasten to the trunk or limb of a tree by twisting the wire tightly enough to give the coconut a firm anchorage. Keep it filled with grain or suet.

(2) Open-end can feeder: Cut the bottom and top of a No. 10 can with a wall-type can opener, leaving a smooth edge. Leave three or four inches uncut so that each end can be bent down as a perch. Paint dark green or brown after covering all sharp edges with adhesive tape. This feeder can be hung by unwinding a wire coat hanger and putting it through the length of the can. Then rewind the coat hanger and hang the feeder over the limb of a tree. Picture wire may be used instead of a hanger if you wish.

## Hollywood Probe Sessions In Recess During Weekend

HOLLYWOOD, Sept. 22.—(INS)—The House un-American activities committee was in recess for the weekend today after a week of hearings which laid bare many new details of a communist plot to seize control of the film industry.

Twenty-nine witnesses have been heard and approximately 20 more will be called during the final two days of the probe, Monday and Tuesday.

Yesterday's session was marked by the appearance of the best-looking witness thus far, Mrs. Elizabeth Wilson, a sun-tanned blonde beauty who writes western movies.

Mrs. Wilson told the House probes that she joined the Hollywood Red net in 1937 because she found communism exciting and then quit it 10 years later because she "stopped believing in the infinite good will and the will for peace of the Soviet Union."

## W.S.C.S. Seminar Planned Monday At Mercer Church

Announcement is made that a seminar for members of the Women's Society of Christian Service of the Methodist church will be conducted Monday at 10 a.m. in the Mercer Methodist church. The seminar is planned for members of the W.S.C.S. of the Grove City district of the denomination.

The gathering will be of special interest to Spiritual Life secretaries; Missionary Education secretaries; and Christian Social Relations and local church activities secretaries. All members are urged to attend as the group will take up a review of the new study book which contains information of value to the various W.S.C.S. secretaries and others working in the society.

Those planning to attend should carry their own lunches with use of the church dining room offered for those driving in for the seminar.

## New Comers Club To Have Wiener Roast On Tuesday

Florence A. Reese, Welcome Wagon Hostess, announces that the Welcome Wagon New Comers club will begin fall activities with a wiener roast Tuesday, Sept. 25 at 6 p.m.

Vernon F. Corle, Supt. New Castle Water Co. has invited the club members and families to use the facilities of the Water Plant Park. For the benefit of any not familiar with the location of the park it may be reached by driving out Wilmington Ave. to Leasure Ave.—turn left at Leasure, driving past Jameson Memorial hospital and continuing on dirt road to the park. A tour of the water plant will be conducted after the dinner hour. Mrs. Robert Offerle is chairman of arrangements.

## Route 18 Bids To Be Opened On October 11

Announcement has been made by the Pennsylvania Department of Highways at Harrisburg, that bids for the relocation of State Route 18 between Moravia and Koppel will be received until October 11, 1951 and on that day at Harrisburg, the bids will be publicly opened. Awarding of a contract for the new road will be made as soon as possible thereafter, it is announced.

The stretch of highway involved lies in Beaver and Lawrence counties traversing Big Beaver, North Beaver townships, Koppel and Wampum boroughs. It is slightly over seven miles long or 37.213 linear feet and will be a 24 foot wide road.

The contract will involve the building of seven reinforced concrete structures, construction of an I-beam bridge with an overall length of 75 feet as well as other necessary work in connection with the construction of the road.

The new highway will by-pass the borough of Wampum, being built on a new right of way. It is not known whether construction work for the road will actually begin this year or not.

## Four Enlist In Air Force

Four New Castle men enlisted in the Air Force on September 10 and will report to Sampson AFB on September 27. They enlisted for a four-year period.

The men are: Lee Robinson, aged 19, son of Mr. and Mrs. L. A. Robinson, R.D. 5; Harry Shaffer, aged 19, son of Mr. and Mrs. Harry M. Shaffer, R.D. 5; Harry Frazier, aged 18, son of Mr. and Mrs. W. E. Frazier, R.D. 4; Robert O. Brest, aged 19, son of Mr. and Mrs. Charles S. Lutz, 513 Whipple street.

These men are close friends and three of them, Robinson, Shaffer, and Brest, have just completed three years in vocational school. Frazier was graduated in June of this year from Harlansburg school. The recruiting office and officials of Sampson AFB made it possible that the four friends would enlist, leave and train together.

## Girl Scout Camp Season Pictures Will Be Shown

An added attraction at the advanced training session for all Girl Scout adults, to be held September 25, both afternoon and evening sessions, will be the showing of 1951 season camp pictures. These are usually held for camp rally time but Mrs. J. H. Earl McKenzie, training chairman; Mrs. P. D. Gibson, established camp chairman; and Dr. Jane Morris, day camp chairman, have arranged for release showing at this time. Leaders will see actual summer activities as preserved for study by the camera.

The showing of camp pictures will begin at 1:15 sharp at the afternoon session and 7:15 at the evening session. The material covered at each of these sessions will be identical. Following the showing of camp pictures the group will be interviewed by leaders as to what their individual needs are at the moment.

Mrs. McKenzie will preside at each session. The film "Government—from national headquarters will be shown. Discussion groups led by volunteer trainers Mrs. Russell J. Cartwright, Mrs. Elmer Shaffer, Mrs. C. R. Scott, and Mrs. P. D. Gibson. Each of these discussion leaders will be assisted by a member of the Leaders' club program committee, Mrs. Wallace, chairman. Mrs. D. B. Forsyth, executive director, will summarize the discussion at each session.

## Rev. R. L. Warren To Be Installed

Rev. J. L. McFarland, will officially close the formal installation services for Rev. R. L. Warren at St. Paul's Baptist church on Sunday afternoon at the latter church. He will be accompanied by his choir and congregation.

Rev. Warren began his work as a minister in 1928, after having been ordained by the Rev. T. O. Collier of Shiloh Baptist church in Orlando, Fla. Immediately following his ordination he began serving as assistant pastor to the Rev. Collier. While serving his apprenticeship Rev. Warren began his studies at the Jones Theological Seminary of Orlando, Fla., and obtained his Bachelor's of Divinity Degree in 1931.

Armed with the knowledge gained as an assistant pastor and his education, Rev. Warren answered the call of the Second Bethel Baptist church at Sorbort, Fla. Later he went to Wintergarten, Fla. where he organized and built a church that he called Second Shiloh Baptist.

After serving for five years at Zion Baptist church in Orlando, Fla., Rev. Warren came to Bethlehem, Pa., where he served as pastor of the St. Paul Baptist church of that city for eight years where he met and married Miss Fannie Jones Warren in 1946. Rev. and Mrs. Warren then went to Buffalo, N.Y., where he established the Warren Memorial Baptist church.

In May of this year, Rev. Warren headed the pleas of St. Paul church here, and in July he accepted the pastorate.

## Cost Of Living Remains Unchanged Food Prices Vary

WASHINGTON, Sept. 22.—(INS)—The labor department reported today that the cost of living remained unchanged in the month ending Aug. 15, and food prices dropped slightly from record-high levels.

Officials added that preliminary reports indicated that food began climbing again in the last two weeks of the month, and rose about one-tenth of one per cent.

The bureau of labor statistics cost-of-living index held steady at 185.5 per cent of the 1935-39 average. Slight increases in other commodities offset the small drop in food costs.

Prices of clothing, fuel, electricity and refrigeration rose one-tenth of one per cent and miscellaneous goods and services were up two-tenths of a percentage point.

The decline in food prices came mostly because of a 4.4 per cent drop in fruits and vegetables, but housewives paid seven per cent more for eggs, meat, poultry and fish.

Food prices as a whole were 227 per cent of the 1935-39 average, and seven-tenths of one per cent below the all-time high of July 15.

## Pollock Avenue P.T.A. Opens Year

Pollock Avenue school P.T.A. opened its year's activities on Thursday evening in the music room of the South Side school for the first meeting of the year.

Mrs. Mary Sands, president, opened the meeting by introducing Mrs. Henry Venditto who read the P.T.A. prayer. Peter Grittle, Jr., principal, introduced the teachers and spoke on the aims of P.T.A. John Matthews, program chairman, outlined the program for the coming year. The theme will be "The Citizen Child—His Destiny in a Democracy." Mr. Matthews introduced Orlando Lucido who spoke on different methods of conducting study groups and stated that study groups were very necessary for the successful P.T.A. unit.

A question and answer period followed. The decision was made to hold study groups this year along the adult education lines.

Reports were given by Miss Hazel Grossman and Miss Margaret Lowery who spoke on the P.T.A. School of Instruction held recently at the Castleton hotel.

Delicious refreshments were served by Mrs. Mike Rozak and Mrs. Peter Medure. Miss Margaret Lowery's fourth grade class won the P.T.A. banner for the month of September for having the most parents present.

## R. Edward Patton Taken By Death

Funeral services for R. Edward Patton, of 415 Holland avenue, Braddock, former resident of this city, will be held at 2 p.m. Monday in the Zorn funeral home, 445 Fourth street, Braddock.

Mr. Patton died of a heart attack Thursday. He was a machinist at the Edgar Thomson works of Carnegie-Illinois.

A former resident of New Castle, Mr. Patton had lived in Braddock for 30 years, and was an elder of the First United Presbyterian church there. Active in Boy Scout work for the past 22 years, he was chairman of the Explorer Post of the Scouts and a brotherhood member of the Arrow.

Surviving are his wife, Ruth Cook Patton, and one son, Charles. Burial will be in Robinson Run cemetery, McDonald.

When residing here, Mr. Patton, made his home with his aunt and uncle, Mr. and Mrs. Philip Wagner, now deceased, of North Mercer street.

New Castle Lions club will meet Tuesday noon, in The Castleton, for the weekly luncheon meeting, when a color film entitled, "The Power Behind the Nation" will be shown. There will also be a short talk about the current bond drive.

R. F. Conway, secretary.

## Civil Air Patrol Plans Field Day Program Sunday

Civil Air Patrol of New Castle and vicinity will hold a field day at the Penn Aero hangers at New Castle Airport Sunday afternoon beginning at one o'clock.

Sometime during the afternoon, Chuck Mills will make another parachute jump. Participants in the outing will be from Butler, Beaver and Lawrence counties.

The various activities of the Civil Air Patrol this year are in celebration of the Patrol's 10th anniversary. The CAP was organized in 1941 just prior to the World War II and played a major part in the defense of America.

Many members of the CAP, auxiliary to the Air Force, went from CAP work into the Air Force with a better understanding of things military and flying personnel and procedure than the average enlistee.

Planes of every type and description, from Piper Cubs to F-47's, will participate in the outing tomorrow. The L-4 Air Force plane at the field is open for inspection by anyone interested in the Air Force and the Civil Air Patrol.

## Police Questioning Store Porter Victim Of \$49,000 Holdup

NEW YORK, Sept. 22.—(INS)—Police today continued questioning John Dennis, 30, a Brooklyn department store porter who said he had been beaten, kidnapped and robbed of \$49,000 of the store's cash which he was to have banked.

Dennis asserted he had been held up and forced into an auto near May's department store, on Thursday night. Police said he first reported there was one gunman, then two, then three.

Yesterday, Dennis was found wandering around dazed in Central Park, where he said he had been dumped. He was booked for loitering and taken to Harlem hospital, where he appeared incoherent.

Police reported Dennis disappeared from outside the store where he and a store watchman, Samuel Schweber, 65, were waiting for a radio car. It was to take Dennis to a bank where he was to make a night deposit of the cash, packed in a canvas bag.

At the time, Schweber reportedly went inside to telephone a police station to ask why the police escort hadn't arrived. It allegedly was his third call. The precinct said it had no record of the calls.

## Grand Jury Indicts Peoples Gas Company

PITTSBURGH, Sept. 22.—(INS)—An Allegheny county grand jury has returned an involuntary manslaughter indictment against the Peoples Natural Gas company of Pittsburgh.

The rare decision was reached yesterday in the case of a woman who died last February in a gas explosion in her home near Pittsburgh. Mrs. Sylvia Cafarelli was killed and 11 persons were injured in the blast which occurred while Mrs. Cafarelli was celebrating her birthday.

Nine damage suits totalling \$88,756 have been filed against the company, which is accused of failing to repair a leaking line.

## Russia Takes Unusual Steps To Check Truman's Words

By ROBERT G. NIXON  
(U. S. Staff Correspondent)

WASHINGTON, Sept. 22.—Russia took unusual steps Friday to determine whether President Truman's declaration that the U. S. must meet force with force signifies a tougher anti-Communist policy.

And, in a response just as unusual, the White House made an almost unprecedented effort to help Russia get the desired clarification.

Michael Federov, Washington representative of "Tass," the official Soviet news agency, called at the White House to ask permission to examine the official transcript of President Truman's Thursday news conference in which the remarks were made.

The White House granted the request, although this runs counter to general policy which is to withhold such transcripts from examination by newsmen representing foreign news agencies. It was the first time that such information was made available to Russia.

### Examines Transcript

Federov examined the transcript closely, comparing it with an unofficial transcript of the conference as reported by stenographer not connected with the White House.

The Soviet effort at clarification of the president's remarks was apparently directed chiefly toward the question of whether Mr. Truman had indicated that the U. S. might itself resort to the use of force to halt any new aggression

against the free world. Such a policy would be contrary to the historic position of the U. S.

The Soviet government's interest in the conference notes apparently was centered on the exact change President Truman held with reporters. He stated that Russian agreements are not worth the paper they are written upon and that the U. S. can depend upon these agreements being kept only when the U. S. is strong enough to enforce them.

One presidential statement appeared to be of special interest to the Russians. This concerned the use of force to back up world agreements involving Communist countries.

On this point the president was asked: "Meet Force With Force"

"Mr. president, when you speak of the use of force, you are referring in a general way to all the areas of disagreement?"

Mr. Truman replied that he was referring to U. S. ability to meet force with force. He said that what we are aiming at—we don't want to misuse that force. Our idea is a free and happy world, that is what we are going to continue to fight for.

The president was then asked: "The other fellow has to use the force first?"

The president retorted that he did not say that. He added that what he brought on the Korean conflict.

There was no further clarification by the president of his cryptic remark about an aggressor country having to use force first.

The news conference discussion was touched off by a question in which the president was asked whether the U. S. would continue to seek agreements with Russia inasmuch as he earlier said Soviet agreements are not worth the paper on which they are written.

The president said yes, adding that when this country is in a position to enforce such agreements, they will be kept and that is the reason for the defense program.

The president said that he did not say that. He added that what he brought on the Korean conflict.

## Sen. Capehart Has Own Substitute For Controls Law

WASHINGTON, Sept. 22.—(INS)—Sen. Capehart (R) Ind., has his own substitute today for the controls law provision which President Truman called "that terrible Capehart amendment."

The Indiana senator said his proposal would direct the President to roll back prices to the pre-Korean level, plus increased costs for labor, materials, and transportation up to July 26, 1951.

The Senate Banking committee has offered a different substitute, and Capehart charged it would place no obligation on the administration to do anything to halt a rise in prices.

His formula would permit the President to determine what selling advertising and administration costs are reasonable. It also provides that in the future, ceilings must be raised for labor cost increases but for no other reason.

Three other Republicans joined Capehart in sponsoring the new version.

## Holds Fire In Check Friday Eve

A neighbor held a fire in check on the back porch of the home of Donald Welsheimer until firemen arrived in response to an alarm from box 19 at 8:10 p. m. Friday.

The cause of the fire was not determined, Fire Chief H. F. Steinbrink stated. Damage of around \$35 was done. The neighbor, who discovered the blaze, turned a garden hose on the fire.

# Start Probe Of Airlines To Map Future Policies

WASHINGTON, Sept. 22—(INS)—The civil aeronautics board today opened a widespread investigation of all of the nation's non-scheduled airlines to determine future government policy.

The probe involves 63 "irregular" carriers of passengers and mail. The major issue, the board said, will be the question of the need for services by non-scheduled lines as an addition, or supplementary to, the regular carriers.

meeting was followed by a tea for the teachers and new members of the organization. Mrs. Glenn Patterson and Mrs. K. K. McCreary poured.

## JOINT MEETING

Members of the Mary Jane Missionary society of the United Presbyterian church entertained the members of the East Brook W. C. T. U. in the church at a joint meeting on Thursday evening. A program was arranged with Mrs. Dorothy Smith in charge of devotionals. Mrs. Scott Kirk gave an interesting short talk on temperance. Miss Joan Chapin pleased the group with a vocal solo.

The feature of the evening was a book review, "The White Witch Doctor," given by Mrs. Chester Dean. At the conclusion of the meeting tasty refreshments were served by the Mary Jane society.

## Army Has Trouble

### In Buying Of Beef

WASHINGTON, Sept. 22—(INS)—The army is having the same trouble as the housewife—it can't buy beef.

Last week, the army asked for bids for 13 million pounds of beef, and received offers for sale of 190,000 pounds.

Today, military buyers are hoping that foreign producers outside the iron curtain can sell ten million pounds for army consumption.

## Would Permit South

### Korea To Buy Ships

WASHINGTON, Sept. 22—(INS)—Sen. Magnuson (D. Wash., Ind.) introduced a bill today which would permit the South Korean government to buy up to 30,000 tons of surplus U. S. ships for use in coastal trade.

Magnuson also offered a bill authorizing the interior department to construct steam plants in the Pacific northwest for production of additional electric power, now short because of a dry season.

Dr. Creighton  
To Speak SundayOther Church Notes  
Of Interest Given

Dr. J. W. Creighton, professor at Westminster college and former moderator of the Mahoningtown Presbyterian church, will speak Sunday at the Mahoning Methodist church in the absence of the pastor, Rev. Ormel Shindeldecker, who is in Rupert, W. Va., participating in the Methodist advance.

The pastor of the Mahoning Methodist church expects to return to the city on September 29 to be here in time to participate in the services on September 30.

Pastors of the Mahoningtown Presbyterian and the Madison avenue Christian churches expect to be in their respective pulpits on Sunday during the worship periods. An evening service is slated for the Madison avenue Christian church. The Methodists and Presbyterians are participating in the rally day effort and have special contests in the schools in order to accelerate attendances.

The Sunday church schedule follows:

Madison Avenue Christian—Rev. Howard L. Krause, minister. Bible school, 9:45 a. m., Miss Grace Kelly, supt.; worship, 11. Dr. Worley speaking on "The Way of Reconciliation"; Mrs. J. B. Comstock, organist; Bible study by the pastor, 7:45 p. m.

Mahoningtown Presbyterian—Dr. Louis Worley, pastor. Bible school, 9:50 a. m., William C. Bolinger, supt.; worship, 11. Dr. Worley speaking on "Storming the Kingdom of God"; Westminster Fellowship, leaving church at 6 p. m. for boys camp at McConells Mills under supervision of Donald Weisbaker.

Mahoning Methodist—Rev. Ormel Shindeldecker, pastor. 9:45 Bible school, Lawrence Godwin,

supt.; 11. worship, Dr. J. W. Creighton, Westminster college, speaker.

Jr. Women's Guild  
At Church Parsonage

Members of the Junior Women's Guild of the Mahoning Methodist church assembled Thursday evening in the home of Mrs. Ormel Shindeldecker, 516 West Clayton street, with a good attendance present for the initial fall session. Mrs. Margaret Tackitt was in charge of the devotional period, followed by a business period conducted by the vice president. The speaker of the hour was Mrs. Gertrude Hemmingway. During the evening plans were mapped out for future meetings.

The hostess, Mrs. Shindeldecker, aided by co-hostess Mrs. Alva Berry, served tempting refreshments to the group.

On October 18 the group will assemble in the home of Mrs. Betty Gibson, Harlansburg road.

Benny DiProspero  
Enroute From Japan

Domenick DiProspero of West Wabash avenue reports receiving word that his son Benny, who has been serving for ten months in the Korean war area, has left Japan enroute home on September 8, and expects to arrive in the ward about October 9 or 10. Says he is feeling fine. He has been in the serving for one year, having been recalled in September 1950. He was in World War II for three years. Benny is a special cook for staff officers. He wishes to be remembered to his friends.

Visits Here On  
Way To Alaska

John M. Balph, a former resident of New Castle, was a recent visitor at the home of Mr. and Mrs. Irvine A. Balph, of Wallace avenue. Mr. Balph was enroute from Camp Gordon, Ga., to Alaska, where he will be stationed for the next year.

His parents, Mr. and Mrs. Edward Balph, missionaries for twenty years in India, are enroute to the United States, where they expect to make their permanent home.

Grand Jury Minutes  
In Police Probe To  
Be Read In Court

NEW YORK, Sept. 22.—(INS)—Brooklyn district attorney Miles M. McDonald, putting together the pieces of his shattered case against 18 former and present policemen, today took time out to study grand jury minutes.

McDonald, in an unusual action, will read the minutes to a special sessions court next Thursday before the court passes sentence on bookie Kingpin Harry Gross, on 6 counts of bookmaking and conspiracy.

The action will make a matter of public record the disclosures which Gross made before the grand jury about the million dollars a year he reportedly paid to protect his gambling empire which grossed \$20-million annually.

Gross refused to repeat the testimony at the trial of the 18 policemen and his refusal smashed entirely the case against the defendants built up in two years of work by McDonald and his staff.

McDonald is seeking to secure a stiff sentence against Gross. It could range as high as 68 years in prison and a \$33,500 fine.

On the case of the 18 policemen McDonald sent a parade of witnesses before the holdover grand jury and announced:

"We are starting at the bottom to build up again."

Jail Breaker Held  
On Bigamy Charge  
After Recapture

EL PASO, Tex., Sept. 22.—(INS)—A 21-year-old Newark, N. J., youth charged with bigamy said today he only married his second wife for the saw blades she gave him to break out of the El Paso county jail.

The busiest week in handsome Charles Madden's life began eventually last Saturday when he married 41-year-old Ida Pearl Perlante in the El Paso jail. He was arrested on a robbery charge.

Tuesday Madden and four other prisoners staged an escape which authorities said was masterminded by the Newark youth.

Wednesday Madden was recaptured and yesterday Mrs. Jonie Russ, 24, walked into the jail and identified him as the man he married last November 11 in Las Cruces, N. M.

"He deserted me a week before Christmas," said Mrs. Russ, who saw Madden's picture in the newspapers as a "jail break leader." Madden, alias Harry Weldon Russ, recalled his first marriage but said he thought it had ended in divorce.

Besides, he told officers, his only purpose in marrying Miss Perlante was to get the "saw blades she smuggled to me in jail."

Sheriff Jimmy Hicks said he has asked New Jersey authorities to extradite Miss Perlante to face charges of aiding a person to escape. Hicks added that further charges will be filed against her if he finds she knew of Madden's first marriage.

Highland P.T.A.  
Has Flower Show

Pupils from the fourth, fifth and sixth grades entered the flower show at Highland school on Friday afternoon. The show was sponsored by the Highland P. T. A. The art room was used for the display where pupils of Mrs. Marjorie Denniston, instructor, had a beautiful display of their art work.

Many parents and friends visited the display and agreed with the judges that because of so many lovely arrangements the prize winners were difficult to pick.

## Winners Named

Blue ribbons were given for first place, red for second and white for third place. The winners are in order of their award:

Miniatures: Marilyn Myers, Doyle Birney, Mary Ann Russo.

Most Artistic: Dick Matheny, Barbara Schlicker, Stephen Finkel.

Prettiest Arrangement: Lollie Boley, Diana Monsey, Norma Baum.

Most Unusual: Linda Remaley, Merrill Betka, Anne Milbouer.

Panel of judges for the show were appointed by the P. T. A. They were: Mrs. Charles Magill, Mrs. Ben Finkel and Mrs. Doyle Birney.

Urges Early Report  
Of Rally Attendance

Paul D. Weller, president of the New Castle Superintendent's Council urges Sunday school superintendents and secretaries to make an early report of their rally day attendance on September 30. This is asked in order that a total might

be reached to learn how many were in Sunday school on rally day in the city and county.

Post cards will be distributed in the schools this coming Sunday, September 23, which will be returned to the council for final tally. Schools not receiving a card on which to report their at-

tendance should contact Mr. Weller.

Early reports indicate much work going on in the various schools as pre-rally day activity and barring bad weather, one of the largest attendances in recent years should be seen in the schools on September 30.

YOUR CAR IS WORTH MORE,  
BETTER TAKE CARE OF IT

In these days of high prices, everything seems to be on an elevator, including automobiles. The price rise in new cars means your old car is worth more money to you.

The thrifty car owner sees that his car is kept in shape. A little trouble left go long enough means a big trouble and perhaps a new car before time.

It's a matter of minutes to run your car into our garage. But it saves you money later on.

# Youngstown East Hands New Castle First Loss Of Season, 19-0

## Hurricanes Humbled By Ohioans; Over 11,000 Fans See Contest

Youngstown East handed New Castle high school its first football setback of the 1951 season Friday night at Taggart stadium by a 19-0 score.

It was the worst defeat handed New Castle since the lean year of 1944, when the same school dropped the Red Hurricanes 26-7.

The visitors from Ohio just had too much for the local team and it was tough going from the outset.

**Demidovich Stars**  
A flashy back named Bill Demidovich, subbing for Don Comings, who was ineligible because of age, spearheaded the East attack with a series of brilliant runs.

He reeled off runs of 14 and 42 yards in the first period—his 42-yard jaunt through right tackle scoring the first East touchdown with about a minute remaining to play in the quarter.

The sub left half then picked up 59 yards on a number of runs in the second and third periods

however, and Wilbur Foht was sent to punt.

Midway in the first quarter the Red Hurricanes regained possession of the ball when Lucas Fiorante intercepted a Zban pass in midfield.

Two plays later East regained the ball the same way, with Marsteller pulling in a Cubellis pass on the Youngstown East 28.

**Biggest Bid**  
Early in the second quarter New Castle made its biggest bid, reeling off two first downs—its only ones of the game—and moving the ball from its own 28-yard line down to the East 37 before being shoved back to the 43.

Biggest gains in the drive were a six-yard run by Guy Amode around left end on a pitchout from the T-formation and a completed pass from Cubellis to Fiorante, good for 18 yards. Amode tipped the ball and Fiorante gobbled it in.

That pass took the ball down to the Youngstown 37 and that was as far as the Canes got all night.

A pass defense that found nearly every New Castle receiver out-numbered 2 to 1 rendered the local passing attack practically useless. Of the two passes completed out of 14 tries, one was partially blocked by Youngstown's fast charging line.

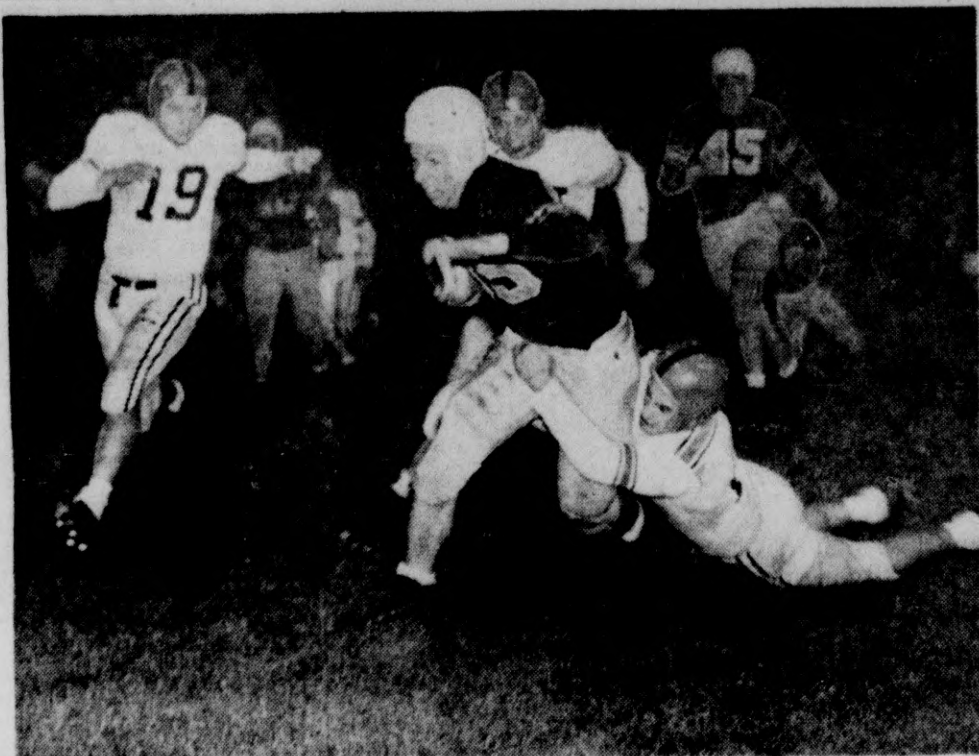

**HURRICANE BREEZES**  
The last time these two teams met—in 1948—New Castle defeated East 19 to 0. Mitchell Charles made his first appearance of the season in the second half when he did the New Castle punting. He got off several nice punts, though he was badly rushed. John Mezza handled the kicking off chores for the Red Hurricanes. Lucas Fiorante played another heads up game at right end. The new clock which has been installed on top of the scoreboard seemed to meet with the approval of the fans. Heard by more than one New Castle fan "Well, we have a better band than they do."

Attendance at last night's game was a little over 11,000, highest of the season to date. Next week, Sharon here.

**Good Pass Defense**  
A very good pass defense and a hard charging line kept New Castle's offense bottled up all evening long. On several occasions it looked like the Canes might get moving but each time the visitors cut them down.

The first time New Castle got its hands on the ball, Joe Frenkel made four yards through a huge hole between right guard and right tackle, before being nailed by the East secondary.

Two more cracks at the line—one by Frenkel and the other by Amode—netted only one yard.

AN INDICATION OF THINGS TO COME—Earl Simpson (35), Youngstown halfback, seen romping through tackle for 15-yards on a handoff, Friday night, for the game's first down, in the early moments of the first period. Guy Amode, New Castle halfback drags down the Youngstown right halfback. Also pictured are Chuck Cuba (19) and Ugo Fiorante of New Castle, and end John Slaina (45) for Youngstown. Youngstown East won 19-0 as the two teams resumed relations after a two-year lapse.

## Yankees Defeat Red Sox, Now Lead Indians Game And Half, Dodgers Lose

By HOWARD SIGMANT  
(U.S. Sports Writer)

NEW YORK, Sept. 22.—A couple of long lanes have reached their turnings, sending New York's Yankees careening ahead in the American league pennant race and Cleveland on a detour.

The Yanks forged a game and a half ahead in the tight struggle when they defeated the Boston Red Sox 5 to 1, yesterday while the Indians were losing to Detroit, 7 to 6.

But the significance lay deeper than the scores.

When Allie Reynolds held the Red Sox to six hits for his 16th victory, he put the lance to two of the Yankees' most persistent dragons.

The triumph ended an eight-game Fenway Park losing streak for the Yanks, and Reynolds became the first New York pitcher to go the route at Fenway since September 24, 1949.

**Tigers Turn Tables**  
Meanwhile, the Tigers—who had won only one of 17 previous games with the Indians this season—turned the tables with a vengeance. They spotted the Tribe five runs in the second inning, then routed Bob Feller and came back to win.

Grizzled Fred Hutchinson stopped the Indians cold in a relief role, while bonus rookie Frank House put the finishing touch on the tribal tale of woe with a sixth inning homer.

Ray Boone of the Indians and Dick Krynosh of the Tigers also homered.

The Yankees' "magic number" thus became six—meaning a combination of Yankee wins and Cleveland losses totalling six will give the New Yorkers their third straight pennant.

**Dodgers Clobbered**  
Philadelphia upset the league-leading Brooklyn Dodgers, 9 to 6, last night to cut the Dodgers' margin over the idle New York Giants to four games.

A grand-slam homer by Willie Jones in the first inning sparked the Phils to their victory. Robin Roberts weathered some rough going to record his 21st mound triumph.

The Dodgers' "magic number" remained five.

Rookie Ray Collum of the St. Louis Cardinals had story book success in his first big league start as he shut out the Chicago Cubs with two hits, 6 to 0.

The defeat mired the Cubs a full game in the National league cellar.

**JB Night Turn**  
Bowlers To Meet  
Johnson Bronze night turn bowling league will meet Sunday at Brinco's at 1 p. m. Election of JB officers will be held. Any JB bowlers wishing to take part in the league should attend the meeting.

**WAKE FOREST WINS**  
BOSTON, Sept. 22.—(INS)—Dickie Davis threw three touch-down passes last night to pace Wake Forest to a 20 to 6 victory over an inexperienced Boston College football team at Braves Field.

A crowd of 20,587 witnessed the debut of Mike Holovak as head coach of the Eagles in the grid season's opening game.

## Undermanned Bessemer Opposes Powerful Lowellville Tonight

Bessemer, undermanned, under-sized, and over-scheduled, opens at home tonight at 8:15 under the lights.

Lowellville, O., will furnish plenty of opposition for the Centaurs who seem destined for a lean season. The visitors won their opener last week as they pleased, trouncing Springfield, O., 34-0.

They sprung loose a sensational halfback named Tom Butler for scoring runs of 30, 20, 25 and 40 yards. An offside penalty cancelled his 40-yard gallop. Tonight's opposition had jumped to a 24-0 halftime lead last weekend.

Bessemer drummed Lowellville last season, 40-0.

The host team, still debating between and running from, both the T and singling formations, is now forced to undergo position changes to fill in vacant spots.

**Shuluga Out**  
Paul Shuluga, starting left tackle is out for the remainder of the season. Phil De Arment will probably move up from fullback to that line position.

Novad, regular left guard will then be moved to fullback, and Retort will be moved into the guard slot. Both Lucere's position at right tackle, and Comasso's at left half are wide open. Either,

or both may play, or ride the bench. Both are recovering from injuries.

Bessemer lost to Evans City 25-0 last week after opening with a 6-6 tie at Arnold.

**Probable Starters**  
Bessemer: Pennwell, DeArment, Retort, Galletta, Pastore, Lucere, Likoich, Lagone, Lupo, Comasso, Novad.  
Lowellville: Horn, DeArment, Retort, R. Conti, Morocco, Pastore, Fire, Fire, Haines, Coppola, Butler, Boiz, Novad.

**Pirates Acquire Billings Club**  
PITTSBURGH, Sept. 22.—(INS)—General manager Branch Rickey Friday announced he has lured another former Brooklyn Dodger farm team into the Pittsburgh Pirates chain.

The Mahatma said he has reached agreement with the Billings, Mont., team in the class C Pioneer league and papers will be signed during the week end.

**READING, Pa., Sept. 22.—(INS)—**Three pros were deadlocked in a triple-tie with sub-par 139s today at the halfway mark of the \$15,000 Reading open golf tournament.

## Ellwood Turns Back Rochester

First Half Drives Provide 12-6 Margin

(Special To The News)

ROCHESTER, Pa., Sept. 22.—Two scoring drives in the first two periods provided a one-touchdown margin for Ellwood City last night at Rochester. The visitors were 12-6 victors.

After Ellwood had set the ball in play from the opening kickoff, on their own 36, Dick Graham, Carl Tammoro, and Patsy Friello, provided enough initiative to sustain a 64-yard scoring drive.

The scoring play resulted in Graham carrying 12-yards, from the Rochester 22 to the 10, and then laterally to Tammoro who moved it over.

Ellwood's extra point attempt by Tammoro was wide, and the Wolves led 6-0. Friello's 27-yard dash in this drive was the longest single movement of the ball.

**Retaliate**  
Rochester retaliated quickly, with a scoring march of her own.

Don Chewing capped a 62-yard drive, going over from the Ellwood one. He was stymied on his running try for the extra point.

The drive's feature was Ketterer's pass to J. Heuring.

Ellwood beat the halftime gun by scoring with just three plays remaining. The Wolves pushed 88 yards in 15 plays, consuming five first downs. Carl Tammoro crowded over from the five after he and Graham had sparked the drive. He again missed the extra point and the scoring was completed with Ellwood 12, Rochester 6.

Most of the second half was played between the 20-yard line stripes.

A Rochester punt late in the game went out on the Ellwood one, but the visitors quickly moved out of danger. Ellwood marked up 12 first downs, Rochester nine.

They also moved above the .500 mark with their second win. They have lost one.

**Ellwood City**  
Buntz, Ellwood City, Andreotti, Lucas, Sullivan, Steele, Maize, Grolieri, J. Heuring, Pagnia, Christopher, Brown, Brown, T. Ketterer, Graham, Chewing, Friello, Soltesz, Shields, Cowan.

**Score by quarters:**  
Ellwood City: 6 6 0 0—12  
Rochester: 6 0 0 0—6  
Touchdowns: Ellwood City: Tammoro 2; Rochester: Chewing.

## Union Home Opener Tonight With Undefeated Evans City

Union township high school will open its 1951 home season tonight under the lights at 8:15 with the Big Red of Evans City high school.

The Scottie played the first two games of the current season away from home and tonight will be the first opportunity for many of the fans to see them in action.

Evans City is expected to provide plenty of fireworks for the Union fans. The Big Red has swept through two games undefeated, including a 25-0 win over Bessemer.

Bill Ciccone, Bessemer coach, says they are good and fast and their record bears it out.

Coach Jack Schantz has indicated that he will start the same lineup that started against Mars last week, with the possible exception of Danny Spellick, who was injured in last week's game.

**Probable Starters**  
Union: Skinner, Fyock, Wingfield, C. Thompson, Rogan, L. Thompson, Deas, Bonzo, Wallace, Rice, Gail, D. Kennedy, Ramsey, Duda, Padina, Ahrens, B. Kennedy.

## 'Zelie Handles Shenango 39-13

Coach Red Bender's Zelenople Golden Bears had no trouble with Shenango last night at Zelenople, drubbing the visitors 39-13.

The hosts jumped to two quick touchdowns in each of the first two periods and then coasted.

Left half Ambrose Bagamery caught two touchdowns passes from quarterback Soltesz and raced 23 yards with a handoff for another, in leading 'Zelie to its third consecutive victory.

The winners picked up meaningless markers in the third and fourth periods.

Shenango tallied twice in the final stanza when two runs by Frank Fedor, tailback, accounted for 50 yards. He went over standing up from the 20.

Wanatosky scored the game's final points when he rammed over from the five after Shenango had taken advantage of an enemy fumble.

Shenango is at Mercer next week.

**Shenango**  
Champ, Zelenople, D. Ketterer, Fracal, Curry, Ward, S. Smith, A. King, Owce, Nemeth, Patteron, Nickla, Adamczyk, Hogan, Jermakowicz, Bagamery, Fedor, Soltesz, Albrecht, Watanosky, K. Ketterer.

## Joe Devine, Veteran Yankee Scout Dies

SAN FRANCISCO, Sept. 22.—(INS)—Baseball mourned today for Joe Devine, veteran scout for the New York Yankees, who was credited with recognizing and developing more stars than perhaps any other man in diamond history.

Devine, 54, died last night in a San Francisco hospital after failing to respond to two blood transfusions. His illness was the aftermath of a freak accident in Twin Falls, Ida., several weeks ago when he broke his arm getting into an automobile.

## Grand National Race Will Close Canfield Speedway

CANFIELD, Ohio, Sept. 22.—Tonight's 100 Lap Grand National Stock Car Race on Canfield's quarter mile speedway, will find a large field of local talent pitched against some of the best late model stock car drivers in the game. Trying to uphold the district will be such drivers as Don Eggett, Jimmy Florin, Don Bailey of Cleveland; Mike Klapak of Warren; Bud Boone of Warren; Bob James, Cuyahoga Falls and Bob Greer of Hubbard, all piloting 1950 or 1951 model automobiles.

These drivers believe they have a slight edge over the invading Grand National Circuit drivers as they have been competing on the Canfield track all season and are familiar with its racing surface.

To give the fans plenty of action for this, the last night of stock car racing at Canfield this season, the management has scheduled in addition to the 100 lap grand national, three heat races and a consolation event in which these same late model cars will compete.

The Canfield quarter mile track is being entirely reconditioned for these boys of speed and will be in perfect condition for the curtain event.

For the early arrivals, who can have a choice selection of seats, gates to Canfield will open at 6:30; time trials will get underway at 7:00 and the first event at 8:30.

## New Ring Padding Will Be Utilized

NEW YORK, Sept. 22.—(INS)—A new ring padding will be used in a championship fight for the first time at the Polo Grounds next Wednesday when Sandy Saddler defends the featherweight crown against Willie Pep.

The International Boxing Club said today the padding, designed to prevent head injuries when fighters are knocked down, was approved by managers of both Pep and Saddler.

The Cornell Aeronautical Laboratories, Inc., developed the new padding after 18 months of study. It is made of an elastic, plastic material extensively used in crash helmets and similar equipment.

**Teamsters Playoff For Penn-Ohio Title**

Teamsters and Youngstown General Fireproofing will tangle tomorrow at 3 o'clock at Hartman Field in the best of three series for the Penn-Ohio football title.

The Teamsters won the first half and the Youngstown team the second half. Embroski will pitch for New Castle and Petrolini for GF. The visitors are Ohio state champs.

## Shenango PTA Holds Dinner

### Reception For Teachers Follows

Shenango PTA had a dinner at 6:30 Thursday evening in the school with over 200 in attendance. The auditorium was gaily decorated in a pink and yellow color scheme and fall flowers. Sam McCullough opened the dinner with prayer.

Following the dinner Elmer Hill, president, introduced various committees and read the presentation of the 10 per cent increase in membership. To prove the award was deserved, 116 new members for the Shenango PTA were enlisted Thursday evening. Shenango PTA is one of the best examples of a PTA unit working together with parent, teacher and child that can be seen in New Castle and Lawrence county.

### Plan Safety Drive

An intensive safety drive will be launched within a few weeks' time by this PTA. The acute need for protection of the children crossing the highways at East New Castle will be one of the main things to be eliminated. Another point in the drive is the safety of the children walking along the highways. Not only is this safety drive directed for the safety of the children but also for the safety of motorists. That minority group of students who, through some misguided sense of bravery and bravado, endanger themselves and the motorists by their foolish actions in front of the automobiles will be eliminated also.

### Introduces Teachers

Glenn Johnston introduced the teachers of the Shenango and Castlewood staffs. Four new teachers have been added to the faculty this year. They are: Robert Hislop, music; Steven Gurgley, basketball and civics; Norman Richards, history; Mrs. Pauline Mc-

Conahy, grade school at Castlewood.

Plans for equipment for a cafeteria were also discussed. Mr. Hislop led the group in singing which closed the meeting.

An executive meeting was held immediately following the general meeting. Plans for Parents Day, October 12, were made.

Next regular meeting will be October 18 at the school. A public address system will be tried at this time. Due to poor acoustics in the school auditorium it is difficult to hear from one end of the room to the other end.

Committee in charge of the very successful dinner was Mrs. Viola Friestof, chairman; Mrs. Melvin Keller, Mrs. Wayne Parshall, Mrs. William Meyers and Mrs. Williams.

## Early Twentieth Century Autos To Start Tour

PITTSBURGH, Sept. 22.—(INS)—A cavalcade of early 20th century motor cars will sputter and cough out of Pittsburgh tomorrow morning on the first lap of a trip which will eventually end in the Pocono mountains of Pennsylvania.

Optimistic owners are members of the Antique Automobile Club of America, who will hark back to the days when the American pastime of motoring was in its infancy. Opera and radio singer James Melton, president of the AAC, will lead the 1931 revival of the Glidden tour so popular just after the turn of the century.

The tour got their name from Charles Glidden, one of the sponsors of the early tours which originated when today's antiques were the hottest things on the road. The annual trips were discontinued at the outbreak of World War I and weren't resumed until 1945. Now it's a gala annual affair which gives collectors of the ancient gas buggies a chance to show off their accumulation of old-timers.

More Than 100  
More than 100 Stanley Steamers, Stutz Bearcats, Pierce Arrows and their contemporaries will wheeze out of Pittsburgh at the journey's start. How many of them will reach their destination in the Poconos is highly problematical. The tour will go from Pittsburgh to Cumberland, Md., then to Bedford, Pa., where a big two-day celebration is planned.

### LAWN LIKE GROUNDHOG— BOTH NEED FATTENING UP

Like the groundhog, lawns need some "fattening up" in late summer and early fall to see them through the winter. A good way to "put a layer of fat" on the lawn is to top-dress it with a good garden grade of commercial fertilizer at the rate of about 15 to 20 pounds per 1,000 square feet.

Satisfactory analyses include 5-10-5 and 4-12-4, or 6-10-4 for special turf mixture. Fertilize when the grass is dry to prevent burning. It can be watered into the ground although this is not necessary.

Early fall also is the best time for lawn renovation. Late summer or fall seeding of bare spots with permanent grasses gives the new stand a start at a time when weed

competition is less of a problem than in the spring.

Fall seedlings establish deep root systems ahead of the intense heat of the following summer. Spring seedlings barely get started by the time the usual hot, dry weather arrives.

### ALUMINUM WARE SAFE FOR COOKING

Aluminum ware is quite safe for ordinary cooking. That is the opinion of authorities everywhere, including health, medical, and nutrition. One health authority states that the aluminum, dissolved in cooking food is so small it can hardly be detected and that much more aluminum is found in some uncooked foods. If aluminum cooking utensils, the authorities point out.

Aluminum ware has many advantages for cooking. It is moderate in cost, attractive, lightweight but strong and lasting, conducts heat evenly, and is fairly easy to clean.

### MAKE MOTIONS COUNT IN A DAY'S WORK

The kitchen is the homemaker's workshop. Every motion made counts in helping to run the home smoothly. Take time to study your particular job, then learn how to do it in the most efficient, easiest and quickest way.

Work surfaces of the correct height for you are very important to your job. Check your range, sink, tables and other work areas to see if they are right for you. Arrange equipment in your work area so you take the fewest steps possible as you prepare a meal to do your baking. You can place the food preparation center, the serving center and the range close to each other, yet allow room for working.

Three simple rules that will help you to make every motion count are: Store everything within easy reach; store everything where it is first used; and store articles where you can see them easily. Near the range, put tea, and coffee with measuring spoons; cereals to be cooked, salt, pepper and other seasonings with measuring spoons. Keep ready-to-eat cereals in the same cupboard with the serving bowls.

## Rose Avenue P.T.A. Executives Meet

Rose avenue executive committee met for its September meeting in the school library on Thursday afternoon. The meeting was called to order by Mrs. Albert Jones, president. She extended a welcome to all new members of the committee.

One delegate will be sent to Harrisburg for the PTA convention on October 29 through 31. The president of City Council extended an invitation to all members of PTA to attend their October meeting when they will have six nominees for the school board speak and give their viewpoints.

Lunch for the September meeting will be served by the committee and the school teachers on Tuesday, September 25, at 7:45 p. m. in the school.

Those who represented Rose

avenue PTA at the School of Instruction held in The Castleton hotel on September 13 were John Corneli, Miss Laura Blucher, Mrs. Albert Jones, Mrs. Richard Clark, Mrs. Horace Tressler, Mrs. William Mitchell, Mrs. Betty McKee, Mrs. Sam Rashid and Mrs. Roy Mumford.

There will be a meeting on October 2 at the home of Mrs. Frank Pasqualino to discuss the bazaar. Mr. Corneli, principal, and Miss Mildred Smith, representative, were also present at the meeting.

### Spends 30-Day Leave Visiting His Parents

Mrs. Philip LaScola, 916 Winslow avenue, announced today that her brother, Cpl. Armand E. Favortite of the 183rd combat engineers, formerly of New Castle, is spending a 30-day leave visiting his parents in Pittsburgh. He had served 13 months in Korea.

## 2000 ELEPHANTS

NORWOOD, Mass.—For Christmas in 1927 James Shumaker gave his wife a little pink glass elephant. During the intervening quarter century, Mrs. Shumaker has collected more than 2000 elephants of various shapes and sizes. The smallest is so tiny it is encased in a miniature tube which in turn is kept in a vial.

SALT LAKE CITY—Norm Sims, a veteran hatter, says men are wearing hats two full sizes larger than they did 25 years ago. He explains that men aren't getting "swelled heads." They just wear their hats lower than formerly.
